

Addition

BOOM!

A multiplayer fact
practice game

Preparation:

1. Print and cut apart **BOOM!** game cards.
2. Place cards in an empty Pringles can.
3. Cover the can with red contact paper, construction paper, or wrapping paper.
4. Cut a small hole into the lid.
5. Stick a small brown pipe cleaner through the cut and tape it to the bottom to represent a fuse.

Instructions:

6. Students take turns drawing a card from the firework can.
7. If the student can answer the problem correctly he gets to keep the card.
8. Play continues until someone draws a **BOOM!** card.
9. The winner is the person who has the most cards.
