Punctuation Song Posters

This free download includes punctuation song posters for a period, comma, exclamation mark, question mark, ellipses, and quotation marks. The idea came from Mrs. Jones' website:

<http://www.mrsjonesroom.com/songs/punctuation.html>

The words were written to go to the tune:
"Up On The Housetop."

I use these posters in my classroom during my fluency and punctuation unit I teach through Readers' and Writers' Workshop. I hope your students enjoy these posters! Please leave feedback and I'd love it you'd [follow me](#) on TPT!

Thank you! :)

-Martha Rogers 

I am a comma.

I look just
like a hook.

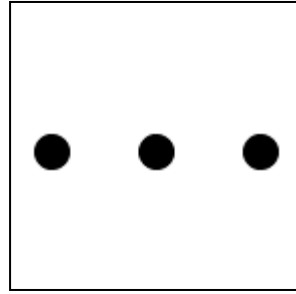

Every time you
see me, slow
down and look!

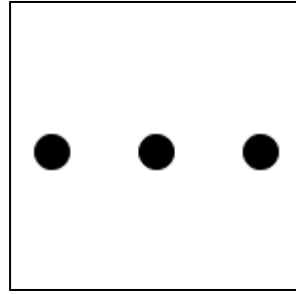

I am a comma.

I look just
like a hook.

Every time you
see me, slow
down and look!

I'm an ellipsis...
I have three
dots, you know.
Every time you
see me
something must
follow!

I'm an ellipsis...
I have three
dots, you know.
Every time you
see me
something must
follow!

I'm an
exclamation point.

I'm full of
surprise.

Every time you
see me
widen your eyes!

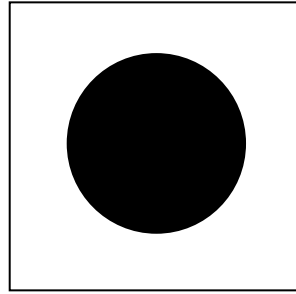

I'm an
exclamation point.

I'm full of
surprise.

Every time you
see me

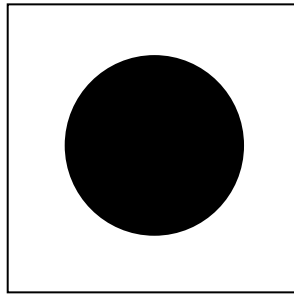

widen your eyes!

I am a period.

I look just
like a dot.

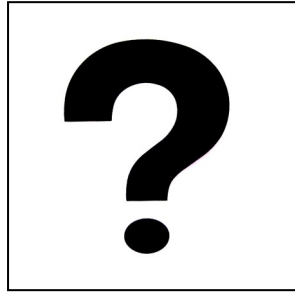

Every time you
see me,
you must stop!

I am a period.

I look just
like a dot.

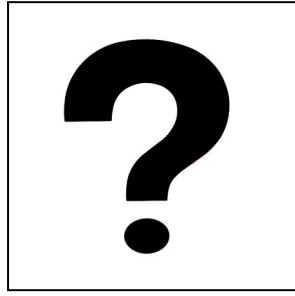

Every time you
see me,
you must stop!

I am a
question mark.

I ask a lot of
things.

Every time
you see me,
I wonder...what
will it be?

I am a
question mark.

I ask a lot of
things.

Every time
you see me,
I wonder...what
will it be?

“
”

We are
quotation marks.

We are in
groups of two.
Every time you
see us, talking is
what we do.

“
”

We are
quotation marks.

We are in
groups of two.
Every time you
see us, talking is
what we do.
